Location: Birmingham Conference and Events Centre (BCEC)

Accommodation at the BCEC on the 8th July plus standard class travel/rail will be provided for 2 delegates attending from each MS prescribing centre (please see meeting cost section below for further details).

Objectives:

Improve quality of life for people with MS
 Improve access to specialist services for people with MS,
 Improve outcomes for people with MS
 Improve efficiency of healthcare utilisation for MS services
 Increase MS patient / MSer's empowerment and activation

* Required

Who this meeting is for?

Decision makers in relation to MS services and treatment within MS Prescribing Centres or the community in England.

The previous meeting was awarded 10 CPD external credits from the Royal College of Physicians London and we will be applying for CPD accreditation again.

What does the meeting cost?

Each centre will be allocated two free places. Each of these applications will be entitled to a travel allowance, this will be discussed once your application is processed.

All applications will be dealt with on a first come first served basis.

If we receive more than 2 applications from the same centre, any further applicants from that centre will be placed on to a reservation list, pending applications from other centres. If we do not fill the spaces allocated for each centre, those on the reservations list will have the opportunity to attend; however, there will be a fee. The fee will cover the meeting, dinner and accommodation on the 8th July. This is to ensure we have a diverse range of attendees.

One representative will be allocated for community MS nurses within each of the following regions: NW, NE, Midlands, SE, SW.

If you have any queries, please contact jamiemcgregor@neurologyacademy.org or sarahgillet@neurologyacademy.org to discuss.

Best Practice – Poster Session

We plan to celebrate our successes and to share best practice. We invite each MS centre to submit case studies of something they have done to improve the outcome of their patients with MS. All centres who submit a case study will be asked to present a poster in the breaks. We will select 3-4 of the best case studies for platform presentations and more detailed discussions. The aim of this component is not only to share best practice but to encourage wide adoption of these practices.

If you wish to submit a poster, a member of our team will contact you with further details.
