Who is this MS Roadshows for?

Regional neuroscience centres. This meeting is limited to 15 places.

What will the meeting involve?

The primary objective of this roadshow is to address the issue of defining and identifying progressive MS in a timely manner and how to use biomarkers to assist in this process. Another issue that will be addressed are the implications the provision of therapies for progressive MS will have for MS services, particularly remote MS services, in rural areas and the Scottish Isles.

What does the meeting cost?

Meeting materials and an evening meal will be provided.

The cost of car parking to attend the meeting will be reimbursed upon receipt of a valid parking ticket. Delegates travelling via train will be reimbursed the car parking fee equivalent towards their fare, upon receipt of a valid train ticket.
